

Laptop Financial Obligation Agreement (damage, loss, theft, or vandalism)

Warranty Coverage: The student laptops are covered for parts and labor for any defect in materials or workmanship.

Non-warranty Coverage: The student laptops are NOT covered for damage caused by accident, negligence, or misuse. Examples of typical issues that would NOT be covered are: missing keyboard keys, cracked case or screen, broken trackpad, broken hinge, liquid damage, and physically damaged power adapter. Our authorized Apple service provider makes the final determination on whether the damage is “customer responsibility” or “ordinary wear and tear.” See table below for your two choices for covering Non-warranty repairs.

Loss or Theft: If a laptop is lost or stolen, report the loss to the BSM Technology Help Desk (Room 123) and file a report with the police in the community in which the loss occurred. See table below for your responsibility.
