Mrs. Amanda Anderson
Guidance and College Counselor
Benilde-St. Margaret's School
2501 Highway 100 S
Minneapolis, MN 55416-1732

Dear Amanda:

Congratulations to you and the entire faculty at Benilde-St. Margaret's School for the excellent education you provide – an education which results every year in appointments to the Service Academies.

This year you have at least four students who received appointments as well as others who qualified for ROTC scholarships. These young men and women are most definitely the best and brightest Minnesota has to offer. They are certain to rise to the challenges and lead their peers throughout the next four years.

Due in no small part to the education they received at Benilde-St. Margaret's School, they will be well able to balance academics, athletics and professional development. They will then have the opportunity, the honor and the privilege of leading the greatest military in the world.

Sincerely,

A handwritten signature in blue ink that reads "Erik Paulsen".
