Dear BSM Community:

The Presidential Search at BSM has been very active in recent weeks and we wanted to provide you with an update on the process.

Our search firm, Carney Sandoe & Associates, is continuing its review of resumes and screening candidates, tapping their global network to identify a healthy pool of qualified applicants for our community. Members of the Search Committee are then reviewing applications as they relate to the feedback gathered from conversations in our community held in January and the results of the survey.

In partnership with Carney Sandoe, we are identifying ways to welcome additional applicants to ensure we find the best candidates. Application instructions and information about the process can be found on the [President Search page](#) of the BSM website. Over the coming weeks, we will continue to build and refine the list of applicants, narrowing it to several finalists.

Our goal is to find the best President for Benilde-St. Margaret's and we are confident in this mission. Finding the right candidate takes time and we will give it all the time required to achieve our goal. We will keep you updated as the process proceeds and welcome your prayers for a successful search.
